## **Built-In Installations**

For built-in installations, 3/4" steam hose clearance required at back of dryer, NO minimum clearance required around sides of units. For closet installation, allow 1" clearance between fronts of units and door. Location of plumbing, exhaust and utility hookups MUST be considered in built-in installations. For additional installation details, refer to Product Installation Guides on web.

Side-by-Side Units in Under-Counter Installation Requires custom-built countertop and/or cabinetry.

\* To achieve minimal depth dimensions or clearances, dryer MUST be vented straight back or with guick-turn 90° elbow.

Electrolux

Stacked Units in Recessed For detailed stacked installation, refer for drver. For details, refer to Product Installation Guide on web.

**Electric Dryer Specifications** 

• Product Weight - 130 Lbs.

on web.

- Voltage Rating –240V/60Hz/30 Amps
- Single phase 3- or 4-wire cable, 240 Volt, 60 Hertz AC only electrical supply with ground required on separate circuit fused on both sides of line. (Do not use same circuit as washer.)
- Connected Load (kW Rating) @240 Volts = 6.48kW
- Amps @ 240 Volts = 27 Amps

Electrolux Major Appliances, N.A.

- Dryer MUST employ a 3-conductor NEMA 10-30 type SRDT or 4-conductor NEMA 14-30 type SRDT or ST (as required), rated at 240 volt AC minimum, 30 amp power supply cord marked for use with clothes dryers (not supplied).
- Grounding through neutral link prohibited in specific applications and certain locales, requiring use of 4-wire system. (For detailed electrical requirements, refer to Product Installation Guide on web.)
- Always consult local and national electric & plumbing codes.
- Can be installed alone, with or without optional 15" drawer pedestal, or stacked above matching Electrolux Washer, which requires installation of optional dryer stacking kit. (For installation details, refer to instructions included with optional pedestal or stacking kit or on web.)
- Can be built in with matching Electrolux Washer in under-counter, recessed or closet installation. Installations requiring countertop and/ or cabinetry will require custom building. (Refer to Built-In Installations on this page for cutout dimensions. For additional installation details, refer to Product Installation Guide on web.)
- Closet installation requires vented door with 2 unobstructed louvered openings, minimum 60 sq.in. each, located 3" from top and bottom of door. Full-length120 sq.in. opening also acceptable. Allow 1" clearance between door and fronts of units.

- Do NOT install in area exposed to dripping water or outdoor weather conditions, or where gasoline or other flammables, including automobiles, are kept or stored.
- Floor MUST be solid with 1" maximum slope. To ensure vibration or movement does not occur, reinforcement of floor may be necessary. Do NOT install on carpeted surface.
- Dryer MUST exhaust to outside of building, NOT into any concealed space.
- Dryer equipped for 4-way venting and approved for up to 125-footequivalent of duct length, determined by length of run and number of elbows needed
- Exhaust installation requires minimum 4"-diameter rigid or semi-rigid metal duct with approved, unobstructed vent hood having swing-out damper(s). If installing rigid metal duct (preferred), do not exceed MAXIMUM venting run length of 125 ft., allow deductions for elbows and vents. If installing semi-rigid metal duct, do not exceed MAXIMUM venting run length of 8 ft., always allow deductions for elbows and vents (Refer to Product Installation Guide on web for additional information). Do NOT use flexible plastic or metal foil duct and use shortest run possible.
- · Leveling legs supplied to level dryer properly and reduce excessive noise and vibration.
- Water inlet hose for steam setting connects to cold water supply with connector and requires 3/4" clearance between back of unit and wall.

## Note: For planning purposes only. Refer to Product Installation Guide on the web at electroluxappliances.com for detailed instructions.

#### **Optional Accessories**

- Pedestal Drawers Titanium (PN # EPWD15T), Island White (PN # EPWD15IW).
- Dryer Stacking Kit (PN# STACKIT4X).
- Mobile Home Installation Kit (PN# 137067200).
- Drying Rack (PN# 137453000).
